

Shraddha Kishor Adgokar

Career Objective

"Computer Science graduate seeking an entry-level Full Stack / MERN Stack Developer role. Skilled in HTML, CSS, JavaScript and currently expanding expertise in React, Node.js, Express.js and MongoDB. Passionate about building web applications and solving real-world problems."

Projects

1. Portfolio Website

Technologies: HTML, CSS, JavaScript

- Developed a responsive portfolio website featuring **5+ sections** including About, Skills, Projects, Education, and Contact.
- Optimized the website for **desktop, tablet, and mobile devices** using responsive design principles.
- Integrated contact and social media links for easy communication and professional networking.

2. Task Flow Pro (To-Do App)

Technologies: HTML, CSS, JavaScript, Local Storage

Built a task management application with features like task creation, editing, deletion, due dates, priority levels, and local storage persistence.

- Developed a task management application supporting **CRUD operations** (Create, Read, Update, Delete).
- Implemented **3+ key features** including due dates, priority levels, and local storage persistence.
- Designed an intuitive interface to efficiently manage and track **multiple tasks**

3. Weather App 🌤️

Technologies: HTML, CSS, JavaScript, Weather API

Engineered a responsive weather forecasting application integrating a live API; displayed temperature, humidity, wind speed, and conditions, reducing user search time by 15 seconds.

- Integrated **1 external Weather API** to fetch real-time weather information.
- Displayed **4+ weather parameters** including temperature, humidity, wind speed, and weather conditions.
- Implemented city-based search functionality for instant weather updates.

Experience

I Base Electrosoft – Frontend Web Development Intern

- Completed a **30-day internship** focused on frontend web development.
- Worked on web pages using HTML, CSS, and JavaScript.

Unified Mentor – Full Stack Web Development Intern

- Completed a **6-month internship/training program** in Full Stack Web Development.
- Gained hands-on experience in frontend and backend development concepts.
- Worked with web technologies and development tools to build practical projects.

Education

- B.Tech [2026]:
 - Computer Science & Engineering
 - R. V. Parankar College of Engineering & Technology, Wardha [CGPA: 7]
- HSC[2022]:
 - Prabodhan vidhyalay, daryapur
 - Percentage: 71.33%
- SSC (2020):
 - Adarsh high school, daryapur
 - Percentage: 84.60%

Skills

- HTML5
- CSS3
- JavaScript (ES6+)
- Responsive Web Design
- React.js (Learning)
- Node.js (Learning)
- Express.js (Learning)
- MongoDB (Learning)

Technical Tools

- Git
- GitHub
- VS Code

Achievements

Participation Certificate: PCET Code Fest 2025
